

GUIDELINES TO NUTRITION

1. VALUES

St Patrick's College operates a tuckshop as part of its general administration. The tuckshop seeks to achieve the following goals:

- to provide a service to the students
- to provide a source of revenue for College operations
- to encourage healthy eating in students

2. STATEMENTS

The College

3. IMPLEMENTATION ISSUES

1. The tuckshop will provide a wide range of food to enable balanced choice by students and cater for diverse medical conditions of the school population.
2. Healthy choice items will be subsidised to encourage good nutrition and prices will reflect prices in the wider community.
3. Structures will be developed to encourage student input into menu choice and tuckshop operations.
4. Assistance at the tuckshop from parents will be encouraged.
