**TO ALL STUDENTS OF THE INDUSTRIAL TECHNOLOGY AND DESIGN FACULTY:
Certificate I in Construction / Certificate II in Engineering Pathways**

To conform to Occupational Health and Safety Requirements, students doing practical workshop subjects will be required to **provide their own eye and hearing protection and steelcap work boots.**

In addition to the above, students will be required to provide and bring to all practical classes, a suitable pencil and 5 metre retractable tape measure. Most vocational studies students involved in structured work placement will be required to supply the above whilst at work.

Certificate I in Construction

6xHB pencils
5m retractable tape

Furnishing

6xHB pencils
5m retractable tape
2xblue pens

Certificate II in Engineering Pathways:

Strong A4 display folder with plastic sleeves.
Students will be required to have industry standard protective clothing as worn in the engineering work places. Minimum protective clothing would be blue cotton overalls and leather school shoes or long blue cotton work trousers with a long sleeved blue cotton shirt.

BYOD (Bring Your Own Device)

In 2019, we want all students to bring a device to college. Our recommendation is that it would be a notebook or capable tablet with Wi-Fi (5GHz is required to connect to the college Wi-Fi network) and a minimum of 8 hours battery life. Students will use these devices in their reading lessons to access Reading Plus. Some of their text books will be available in electronic format. It is important that the device is lightweight. Some students may already have an acceptable device. Contact the College's IT department if you need further clarification. The College has laptops available for student use in classrooms and for overnight loans in emergencies. Students will usually need to have access to a computer at home to do assignments.

Any students who have chosen industrial graphics, must have a Windows 10 device. There are certain applications that are only supported by Windows 10.

Textbook Issue Dates

All textbooks (except English) will be issued to students in the week **BEFORE** school starts. Please make this a priority so that classes can begin on day one. The library will be open to issue textbooks to all students on:

- Tuesday 22 January 2019 8:30 am - 3:00 pm
- Wednesday 23 January 2019 8:30 am - 3:00 pm
- Thursday 24 January 2019 8:30 am - 3:00 pm
- Friday 25 January 2019 12:00 pm - 3:00 pm

Students have three ways to collect their texts:

1. Personal visit and wait for collection – same day service
2. Drop off your subject list in the morning and collect textbooks between 3.00 - 4.00pm same day
3. Email your name, preferred collection time (see above times) and complete subject list to library@stpats.qld.edu.au
4. Bring your device and load electronic textbooks immediately – available for selected titles only.

After this time, students will be able to collect their textbooks during the school day at the following times:
Before school 7.30 - 8.30am, morning tea 10.35 - 10.53am, lunch 12.49 - 1.34pm, after school 3.00 - 4.00pm.

Lockers

Lockers are available to all students for the purpose of securing textbooks and personal belongings at a cost of \$15 per locker. Forms will be distributed in the last lesson on Orientation day to every student.

Please fill out this form and email back to enquiries@stpats.qld.edu.au to secure your locker for 2019.

When collecting textbooks in January please report firstly to Reception, whereby students will be issued with a locker number and code.

AFTER collecting textbooks you may place your items in your locker and secure the locker.
